

Errata for *An Introduction to Statistics with Python* (2nd Edition, Haslwanter, 2022)

The following book entries are incorrect:

Page	Erratum
P 100 & p 149	<ul style="list-style-type: none"> The links for the reference for Button et al. (2013) do not point to the <i>Bibliography</i>. Also, the correct corresponding reference there should be: Button, K. S., Ioannidis, J. P. A., Mokrysz, C., Nosek, B. A., Flint, J., Robinson, E. S. J., & Munafò, M. R. (2013). Power failure: Why small sample size undermines the reliability of neuroscience. <i>Nat Rev Neurosci</i>, 14, 365–376.
p 109	<ul style="list-style-type: none"> “6.1.2.1 Standard Deviation and Variance” should be “c) Standard Deviation and Variance” “c) Standard Error” should be “d) Standard Error”
p 110	<ul style="list-style-type: none"> “d) Confidence Intervals” should be “e) Confidence Intervals” The expression “<i>For unknown parameters, the 95%-CI reports the range that contains the true value for the parameter with a probability of 95%.</i>” is not quite accurate. It should be something like “<i>The 95%-CI reports the range that covers 95% of the observed values for the corresponding parameter for data with the given variability.</i>”
p 156	<ul style="list-style-type: none"> Specificity in Fig. 7.11 should be “90.4%”
p 237	<ul style="list-style-type: none"> “τ_1 and is not included in the matrix ...” should be replaced with “τ_1 is not included ... ”
